COMPUTER USE POLICY

1. The computers and Internet may be used by students only for school or parish purposes. Use for personal purposes is not permitted.
2. No student may use a computer unless permission is first obtained from a staff member. Students may not use the Internet unless they have been given approval by a staff member. Internet usage should be limited to use for educational purposes only.
3. No student may monitor or participate in any chat room or similar site, or receive or send E-mail without approval by a staff member. Students will be allowed to use E-mail within the school for educational purposes only.
4. Student use of and work on the computer and Internet is not private, and may be checked by a staff member at any time.
5. No student shall load any program, use any computer disk, or make any programming changes on a computer without permission of a staff member.
6. Students should not be allowed use of a computer without staff supervision.
7. Student violation of this policy will result in discipline appropriate to the nature of the violation, up to suspension from school.
